

SOUND TECH

WHAT IS A SOUND TECH?

Your job as sound tech is to control the sound in-house as well as on the livestream. You must complete a sound check and then anticipate sound needs based on the order of service. Make sure each speaker/musician/instrument is miked so that they are heard by everyone.

WHEN & WHERE

Please arrive in the balcony by 9:00 AM (or as instructed)

SUNDAY MORNING CHECKLIST

Power and setup

1. Power on Sound Equipment> Switch ON - far left under counter
 - a. Board/Amps/Spotlight
2. Replace batteries in Yellow/Grey Microphones - exchange on charger
3. Replace pastor mic batteries - exchange on charger
4. Replace batteries in clicker remote - exchange on charger
5. Take all microphones to front pew or proper mic stand
6. Swing mic into grand piano, check mic positions

Sound Check

1. Now you can complete a sound check
2. Meters on Multiview should be between the Yellow/Red but not clipping the top. The livestream needs to be a little louder than what is in-house.
3. We do sound checks during worship practice - please make sure each member is using their mic in the same way they would during service - not mumbling or holding incorrectly during the check.

OFF Procedures

1. Board - Power off procedure!!
 - a. Home/Soft Power/Confirm/Yes
 - b. Switch OFF - AFTER BOARD POWERS DOWN!!

Camera Power strip must be ON for headphones to Livestream Mix to work
